▲ Ground - Roasted Coffee
8.81oz (250gr), 12oz(341gr), 88.1oz (2500gr)

Why Innato ?

Due to its geographic location, situated in between two majestic mountains, **Huila produces one of the best quality coffees** that exist in Colombia and the world.

Strict quality and dedication of our coffee farmers are present throughout the production process – from planting seed, to hand selecting the best beans for the **unique roasting process**, and then packed fresh in the area of origin preserving the authenticity and fragrance in an insurmountable coffee, an **Innato coffee**.

Innato means a clean coffee with sweet notes, medium / high acidity and body, with an intense fragrance and aroma, with fruity sensations and chocolate notes, while maintaining all the necessary elements of a good coffee.
